

# Residenza San Clemente

74 Bella Vita shower enclosures from DUSCHOLUX for a stylish life in old age.

With 2200 hours of sunshine and located directly on Lake Maggiore, Ascona is considered the Mediterranean corner of Switzerland. Thus, those who are lucky enough to spend their retirement in this beautiful region can count themselves lucky. With the Residenza San Clemente, a place was created in 2019 that has set itself precisely this goal. The new building was completely equipped with shower enclosures from DUSCHOLUX for living in old age.

# Spacious and fitted flush with the floor.

## Individual niche installations

The whole complex comprises 50 two-room and 12 three-room apartments, whereby the smaller ones are equipped with one and the larger ones with two showers fitted flush with the floor.

All apartments are individual and not designed as clones. DUSCHOLUX guarantees the best possible integration into the room thanks to the dimensions of all shower niches and a tailor-made solution.

## Made for everyday life

Straight-lined and unobtrusive in design. This is one reason why Bella Vita is one of the most popular shower enclosures. Profiles in Platinum Silver elegantly round off the niche. A 25 cm long, vertically mounted handle in chrome further enhances its generally elegant appearance in the room.

Each shower enclosure has a practical Push & Clean-Function for easy cleaning. The sliding door can be swung out with light pressure from outside. The customer has opted for the Soft-Close-Function as an option. This guarantees the gentle opening and closing of the sliding door and contributes to the overall value that is enjoyed throughout the home.
