

# The Manere B&B in Grimbergen

DUSCHOLUX showcased with Scandinavian ambience.

Grimbergen lies in an idyllic setting between meadows and forests and yet just a few kilometres from the centre of Brussels. The town has become famous far beyond the borders of Belgium for its abbey and the beer brewed there. In September 2020, the Manere Bed and Breakfast opened not far from there. A luxurious retreat was created here from the foundation walls of an old farm in collaboration with DUSCHOLUX.

**Client:**

Bed & Breakfast Manere, Grimbergen, Belgium

**Scope of delivery:**

3 x Allegra Walk-in, 2 x Bella Vita 3 sliding door, 1 x Collection 3C with CareTec® Pro, 1 x Primeline Wall, Dimensions, delivery and installation.

**Practical advantages:**

Diverse product range. The right one for every room.

**Implementation date:**

Summer 2020

# Individual and luxurious.

## **Architectural highlight**

The owners were able to preserve the original barn and integrate it into the new building. This resulted in five completely different luxury rooms and lofts with a total of 6 bathrooms. These are equipped with shower walls individually matched to the room. From product proposals to measurements and installation, DUSCHOLUX accompanied the entire construction phase and ensured that the result met even the highest demands in terms of design and quality.

## **Product diversity that impresses**

While an Allegra Walk-in shower wall is installed in two of the rooms and a Bella Vita 3 sliding door in a niche in two other bathrooms, guests will find a special highlight in the bathroom of Loft 1. In addition to a sauna, a custom-made corner enclosure from the Collection 3C was created here. The shower wall has a refined look thanks to the carbon glass finished with DUSCHOLUX CareTec Pro and is particularly easy to clean thanks to the smooth internal screwed hinges.

Would you like to see more pictures of the project or do you have any questions? You will find further information on our website.
